

Adult baby

The electric shaver I had been using suddenly stopped working before the numbers showed, and it wouldn't charge, so I thought the built-in battery was dead. I quickly bought a new one from Temu...

All the hair on my face and legs has become smooth and shiny,
so my skin feels like a baby's,
so I often see articles saying "self-proclaimed...",
and I also call myself an "adult baby."

By the way, my alto saxophone (J-Maichael)...
I've been practicing for the past few days, repairing the screws and needles on the body,
and while I'm sure there aren't many players who clean their instruments, I'm sure there
aren't many who repair them every day...
However, experiencing this has been beneficial in that I've gained a lot of knowledge about
how the body works,
and what happens when you do this.
