

Arrange Amazing Grace

This song sounds pleasant when played on a variety of instruments, including piano, saxophone, and violin.

It means "amazing grace" or "wonderful favor."

I'm a Buddhist, and this is a truly beautiful melody.

I perform it without any particular intention,
and there's no particularly different meaning to it in Japan.

You'll be able to rediscover the beauty of this song when you play it outdoors on the street.

From now on, I'll spend all my money on all the major things...

It seems like the world only has one perspective, but that's not the case.

There's no way I'll forget about the proposal as my main focus...I'll get results to that extent.

All the various things that have happened to me up until now, including today...there's bound to be something worth it...
